

Company profile.

Customized solutions for metering and process technology.

Driven by our commitment, our trendsetting products and innovative technologies have set benchmarks for diaphragm pumps and metering systems for over 60 years.

We solve complex tasks from a single source. That ranges from custom pump design, basic and system engineering, global project management, and pretesting to commissioning and maintenance on site. With our consistent will always to develop the best solutions for the customer, we offer you a competitive advantage and visible added value.

Products:

- Diaphragm metering pumps
- Process pumps
- Nikkiso Canned Motor Pumps
- Systems, packages and production units
- System components
- Dampeners
- Services for the entire lifecycle

Technologies:

- Hermetically sealed and reliable metering pumps featuring PTFE diaphragms, highly precise metering and the capability for very high pressure
- LEWA DPS (Diaphragm Protection System) for highest safety

Knowledge transfer:

- LEWA Academy (Employee and customer trainings)
- Partnership with research institutions and universities
- Involved in drafting industry directives

Areas of expertise:

LEWA-Facts

President and Managing Director LEWA-Nikkiso America, Inc. Peter Castellanos
